

## EXTERNAL VACANCY ANNOUNCEMENT

### FUEL FARM OPERATOR

*(Fixed Term Contract)*

The Eswatini Civil Aviation Authority (ESWACAA) is a Category A Public Enterprise responsible for the regulation of Civil Aviation in the Kingdom of Eswatini and management of King Mswati III International Airport (KMIII International Airport). ESWACAA carries out its mandate in conformity with International Civil Aviation Organisation (ICAO) Standards and Recommended Practices (SARPs).

The Authority plans to recruit qualified individuals with impeccable integrity and performance excellence to fill the position of **Fuel Farm Operator**. The position reports to the **Chief Ramp Officer** and is tenable at KMIII International Airport (Sikhuphe).

#### JOB PURPOSE:

The incumbent will be responsible for the safe and efficient timely attendance, reliability in supplying fuel to aircraft and performing quality control checks of fuel, including refueling equipment.

The incumbent will:

- Carry out all operational activities at the fuel farm including stock checking and quality control checking.
- Deliver fuel to aircraft as per the standard.
- Ensure safe handling of aviation fuel equipment and timely reporting of all defects for quick maintenance.
- Manage and operate fuel pumps as well as monitor and assist during the delivery of the fuel.
- Provide daily quality control equipment checks.
- Perform other mechanical repairs and replacement on some equipment.
- Advise the supervisor on all equipment and operational anomalies.
- Ensure that all fire suppressing equipment is operational.
- Prepare adequately, participate actively and constructively in meetings.

- Identify hazards and report them according to the ESWACAA SMS reporting procedures.
- Ensure a high level of safety when operating fuel equipment.
- Provide relevant information to assist in the investigation of incidents/accidents.
- Participate in the different SMS committees within ESWACAA airports.
- Apply precautions required to minimise, control and eliminate hazards that may exist when refuelling aircraft and storing fuel.

## **QUALIFICATIONS AND EXPERIENCE:**

The ideal candidate must meet the following minimum requirements:

### **i. Education**

- Minimum IGCSE certificate or equivalent
- Aviation fuel quality control certificate
- A valid heavy duty drivers' license

#### *Added Advantage*

- Knowledge of airside rules and regulations
- Physically fit and have stamina

### **ii. Experience**

- Minimum two (2) years relevant working experience in the Fuel industry

#### *Added Advantage*

- Knowledge on operation of oils and fuel pumps
- Have worked in the airport environment
- Fuel storage and data collection

### **iii. Other requirements**

- Full Aviation Security Clearance

## **SKILLS, KNOWLEDGE AND PERSONAL ATTRIBUTES:**

The ideal candidate must demonstrate the following competencies, knowledge and personal attributes:

- Numeracy
- Airside ramp rules and regulations
- Basic airport operations
- Aerodrome Ground Lighting Systems

- Microsoft Office Applications
- Knowledge of safety policies and procedures
- Interpersonal skills
- Organising
- Problem solving
- Good communication skills
- Accuracy and analytical skills
- High level of situational awareness
- Remaining calm in a busy environment
- An aptitude working with technology
